

SIGN UP TO BE A BLOCK CAPTAIN

TAKE CONGRESS BACK **FOR** THE PEOPLE **WITH** THE PEOPLE.

BLOCK CAPTAINS: Electing Democrats, One Door at a Time

The Republican Party shut down the government because they could not come to the table to find a permanent solution for Dreamers and kids who rely on CHIP for health insurance. The Republican Party also gave the biggest government handout in decades to millionaires and billionaires while pretending they are giving tax cuts to our families. The threats to the environment, workplace protections, and Obamacare occur on a daily basis.

We are angry and ready to take Congress back for the people. The best way to elect Democrats is on a personal level at the doors—conversations about how to vote and the issues we care about. We must communicate our values. We know the current one-party rule at the national and state level is bad for democracy.

The Nebraska Democratic Party is launching a new Block Captain program where you are responsible for connecting with voters in your community to elect Democrats up and down the ballot.

SIGN UP TO SERVE AS A BLOCK CAPTAIN: [TakeItBack.com](https://www.takeitback.com)

When you sign up to be a Block Captain you agree to canvass 50 houses in your neighborhood 3 times a year. This is a commitment of about 9 hours a year that will help elect Democrats up and down the ballot.

Our goal is to train 1,000 Block Captains across Nebraska. We will transform the way we turn out our neighbors and we will win elections with the grassroots leading the way.

A staff member with the Nebraska Democratic Party will contact you within one week after you sign up on the www.takeitback.com site. The sign-up page is hosted by the DCCC for all state parties and the Block Captain program is run by the NDP along with county parties across the state of Nebraska.

We know some Nebraskans cannot commit the 9 hours a year to serve as a Block Captain, but grassroots donations help win elections as well—sign up as a Monthly Donor at www.nebraskademocrats.org.

TRAINING AND CANVASS SCHEDULE

We conduct trainings via FaceBook live in order to prepare Block Captains all across the state. You can watch the training from your home on Facebook or you can join us in Lincoln at the NDP office.
