

Resolution on Irrigation Water Management

Passed by SCC – November 14, 2017

NOW THEREFORE BE IT RESOLVED that

The Nebraska Democrats urge the State to direct the NRD's to strongly promote irrigation scheduling and provide training with educational meetings on Irrigation scheduling; thereby, increasing effective and improved conservation practices for Nebraska's most valuable resource, WATER, while accomplishing additional efficiencies that ensure an adequate water supply for all irrigators. In the event irrigation water management education fails to sufficiently protect water supply, the NRDs are urged to develop water usage limitations; and

THEREFORE BE IT FURTHER RESOLVED that

The Nebraska Democratic Party commends the NRD's for the actions they have already taken.
