Stand Against Unfair Trade Agreements Resolution

Whereas Trade Agreements the US have entered in favor Corporations over Workers, and

Whereas said trade agreements never include Labor at the Discussion Table, and

Whereas such Trade Agreements have killed American Jobs in favor of cheaper and unfair labor practices abroad, and

Whereas Trade Agreements have decimated American Domestic manufacturing,

Therefore, be it Resolved: The Nebraska Democratic Party shall stand firmly in support of US labor, resist unfair trade agreements, and demand no passage of any trade agreements through the fast-track process and without thorough public scrutiny of the wide-ranging impacts of trade agreements.
