

# **Celebrating a Restoration of Honorable Military Service Resolution**

Submitted by James Harrold (LD2) Chair of Veterans and Military Families Council  
and Dustin Jennings (LD10) Past Chair and member of Veterans and Military Families Council  
December 28, 2020

Whereas, the Nebraska Democrats are a unique and diverse group of individuals who value and honor our Military Veterans and our current Military Members,

Whereas, the Nebraska Democrats have continued to honor our Veterans, serving Military Members, and their Families in the face of unconscionable statements by the 45th President,

Whereas, the 45th President openly sought to undermine Military service, and all public service, through his overt attempts to subvert loyalty to the Constitution, the Nation, and the People with his demands for loyalty to his person,

Therefore, Now be It Resolved:

That the NDP stands in support and celebration of the efforts of the 46<sup>th</sup> President Joe Biden, a Military father, as he seeks to restore honor and dignity to Military service, and all public service.
