

Reproductive Right Resolution

Submitted by S.A. Mora James, P&R Chair - LD27 01/15/2022

edited and finalized by SCC Members on 01/29/2022

WHEREAS, the NDP believes healthcare for all persons includes the fundamental right in making their own reproductive decisions;

WHEREAS, Nebraskans must control their own Reproductive Rights, rather than the State of Nebraska;

WHEREAS, the Nebraska GOP and their agents have introduced a bill that would take away a person's fundamental healthcare Right of Reproduction;

WHEREAS, Nebraskans have voiced opposition to any bill restricting the fundamental Right to make their own Reproductive decisions.

THEREFORE, BE IT RESOLVED, the NDP recognizes a person's Right to make their own Reproductive decisions, rather than the State of Nebraska. NDP members vow to personally contact via email or fax their State Senators and National Representatives and request their support of a person's Reproduction Right to make their own decision regarding their body.
