

Resolution Opposing LB 574

Sponsored by Quinton Corwin, LD24 and S.A. Mora James LD27

Whereas, LB 574 denies individualized gender-affirming healthcare to families and their transgender children under the age of 19;

Whereas, LB 574 allows civil liability for any healthcare provider to perform individualized gender-affirming healthcare to transgender children under the age of 19 in the State of Nebraska;

Whereas, LB 574 is harmful and discriminatory to families with transgender children who need gender-affirming healthcare access;

Whereas, transgender children under the age of 19 across Nebraska deserve individualized gender-affirming healthcare and LB 574 prevents families the freedom to choose their transgender children's level of healthcare;

Therefore, Let it Be Resolved the NDP recognizes transgender children under the age of 19 and their families have a Right to make decisions about their transgender children's gender-affirming healthcare rather than the State of Nebraska. NDP members vow to personally contact via email, phone or fax their State Senators and request their opposition to LB 574.
