*Note 1* Polk County is split between CD 1 and CD 3. Three precincts in Polk County are wholly located in CD 3, with the other 3 precincts split between CD 1 and CD 3. Because the 2020 election occurred under old precinct boundaries, the votes in the three split precincts were allocated based off the percentage of total registered Democrats in the precinct. In addition, a single (1) new resident vote for Biden was cast that was not identified by precinct. Since that vote cannot be allocated between the districts, it was disregarded.

*Note 2* Sarpy County is split between CD 1 and CD 2. Following the 2021 redistricting, precincts in the county were completely reconfigured, creating more than 20 new precincts. In 2020, there were two precincts (19 & 21) that were split between CD 1 and CD 2, but since voter registration based on the old precinct boundaries is not available, the votes in those two old precincts and three new resident ballots which were not identified by precinct were allocated based off the overall percentage of Democrats in each district.
