Nebraska Democratic Party Submits Delegate Selection Plan For 2024 Democratic National Convention

The Nebraska Democratic Party (NDP) has approved the Delegate Selection Plan (DSP) to send delegates to the [Democratic National Convention](#) in Chicago, August 19-22, 2024.

The NDP worked with partners and party leaders across the state to create a process where every Nebraskan had a chance to be heard as we gear up for 2024.

To ensure fairness and inclusivity in the process of finalizing the DSP, the NDP opened up the draft of the plan for public comment during the 30-day comment period, which ended April 29th, 2023.

The plan was then revised and approved by the NDP State Executive Committee for submission to the Democratic National Committee (DNC) for review and approval. Edits will continue to be made per the DNC process.

The NDP will send at least 34 Delegates and 2 Alternates to the national convention in Chicago.

Chair Jane Kleeb said:

“The road to the White House goes directly through the Midwest. The selection of Chicago as the host city for the nation convention highlights how critical all the Midwest states are to ensure President Biden and Vice President Harris can continue to get the job done for America. Nebraska will do our part with not only sending 36 proud Nebraskans to the national convention

but we will put in the hard work at the doors, community events and on the phone talking with voters to expand the blue dot across our state. Nebraskans are sick and tired of MAGA extremists and will bring our best Midwest-nice to counter the Republican Party of mean.”
